DETAILED ACTION

Examiner's Amendment

1. An examiner's amendment to the record appears below. Should the changes and/or additions be unacceptable to applicant, an amendment may be filed as provided by 37 CFR 1.312. To ensure consideration of such an amendment, it MUST be submitted no later than the payment of the issue fee.

2. The application has been amended as follows:

In the specification, page 2, line 3, after '1999' insert therein –now US Patent 6,670,019—.

Response to Amendment

3. The amendments filed January 30 and February 2, 2004, have been entered. Claims 2-11 are pending with claims 9-11 being independent claims.

Allowable Subject Matter

4. As discussed in the interview of January 13, 2004, said amendments are sufficient to overcome the 102 rejection of the claims as being anticipated by US 6,332,733 issued to Hamberger et al.

5. Additionally, an updated search of the prior art was conducted. Said search produced the following new art of record:

- a. US 2,430,200 issued to Wilson.

Art Unit: 1771

- b. US 3,535,844 issued to Glaros.
- c. US 4,104,840 issued to Heintz et al.
- d. US 6,006,486 issued to Moriau et al.
- e. US 6,209,278 issued to Tychsen.
- f. US 6,526,719 issued to Pletzer et al.

However, said art fails to teach or suggest the presently claimed feature of a projection having a one continuous recess contacting upper surface extending in a downward direction from an outer, free edge of the projection to a location substantially right below an open end of the groove.

6. Said search also produced the reference US 6,722,809 issued to Hamberger et al. Said reference teaches the above cited feature (note reference numbers 134, 136, and 139). However, said Hamberger '809 reference is not available as prior art since the effective filing date is October 25, 2001, which post-dates the present application's effective filing date of March 15, 2001. Hence, claims 2-11 are found to be allowable.

7. Any comments considered necessary by applicant must be submitted no later than the payment of the issue fee and, to avoid processing delays, should preferably accompany the issue fee. Such submissions should be clearly labeled "Comments on Statement of Reasons for Allowance."
